

Job Ad/Description

CIVIL PROJECT ENGINEER

Integrated Science & Engineering, Inc. (ISE) seeks an experienced **CIVIL PROJECT ENGINEER** to join our team in our Newnan, Georgia office. The ideal candidate possesses 5 to 10 years of related experience and wants to grow and collaborate professionally supporting a wide range of projects. The successful candidate will have a background in consulting engineering. In this position, the successful candidate will perform all aspects of planning and civil engineering design for water resources, water/wastewater, and/or land development projects for municipal and private clients throughout the southeast. The position offers tremendous potential for professional development and growth while contributing to the successful completion of projects and the improvement of communities.

Qualifications:

- B.S. in Civil Engineering from an accredited university
- 5 - 10 years of experience as a consulting design engineer
- Professional Engineer (P.E.) license
- Georgia Soil and Water Conservation Commission Certification
- Proficient with relevant software including AutoCAD/Civil 3D and Microsoft Office Suite
- Experience with the Georgia Stormwater Management Manual
- Ability to work well in a team environment and multi-task while being self-motivated
- Ability and desire to learn and grow professionally

We offer a competitive compensation package including salary commensurate with candidate experience, knowledge and skill set. Additional incentives provided as part of the compensation package will include healthcare benefits (medical, prescription, dental, and vision), life insurance, long-term disability insurance, 401k plan with employer matching contributions, paid personal/vacation leave, and paid holidays.

ISE is an Equal Opportunity Employer and a certified Drug Free Workplace. To apply for this position, email your resume to hr@intse.com. We are always looking for dedicated professionals to join our team to make a positive impact on the built environment. For more information about ISE, visit our website at www.intse.com.
